-------------------------	----------

At the last annual meeting, it was voted to authorize the Selectmen to lease the town farm for a term of years. By virtue of this instruction, we have leased said farm for a term of five years from Nov. 10, 1911 at an annual rental of \$60. the first year's rent having been paid in advance for the purpose of repairing the buildings on same, future rentals to be paid semi-annually in advance as will be seen by this report. this account has been carried in the poor department and the cost of repairs has been charged to that department.

The lighting system has been changed from the midnight to the all-night schedule at an increase of \$5 per lamp, making the present cost \$20 per lamp.

We desire at this time to call special attention to our financial condition. Our present debt is \$5100 of which amount \$2700 becomes due this year. We would respectively recommend that this amount be paid during 1912, our reason for recommending an increased appropriation for the payment of the town debt being that the state assessment for 1912 will be .004 which will reduce our state tax more than \$1200 from the 1911 assessment and we believe it good business policy to apply a part of this reduction toward reducing our indebtedness.

Respectfully submitted,

REMARKS

The schools in the Town of Milford have done excellent work under the faithful and efficient service of trained and experienced teachers whose aim is progress.

Miss Helen Hennessy thoroughly understands the needs of a primary school. Miss Hennessy exercises great care over the physical as well as the mental welfare of the children. Her work is of signal importance.

Miss Gertrude Burnham has successfully adapted herself to the Intermediate school. Miss Burnham's relation toward her scholars is sympathetic, firm and just.

Miss Jennie Miller is a competent grammar school teacher. Harmonious relations exist between teacher and pupil. There are now four grades in her room.

Miss Lena Oakes work in Costigan school was attended by a marked degree of success. Miss Oakes solved the problem of satisfactorily adjusting the work of many grades. Miss Annie Laing is now substituting there with good results.

The value of the services of Miss Maude Gould who teaches music and of Miss Susan Pratt, penmanship and drawing, can not be over-estimated.

The superintending school committee has given efficient oversight to care of school buildings and many improvements have been suggested which will add much to the health and comfort of children and teachers.

I wish to express appreciation of courtesies extended.

Respectfully submitted,

GERTRUDE E. GIFFORD,

Superintendent of Schools.
